

自学是门手艺

没有自学能力的人没有未来

李笑来 2019

本书内容无非是：

```
def teach_yourself(anything):  
    while not create(something):  
        learn()  
        practice()  
    return teach_yourself(another)  
  
teach_yourself(coding)
```

特别感谢霍炬（@virushuo）、洪强宁（@hongqn）两位良师诤友在此书写作过程中给予我的巨大帮助！
